

Key points for operating under COVID level 2 at Menzshed

1. Scan on your cell phone the NZ COVID Tracer QR Code located at our site
2. Sign in the Register on the Safety Trolley clearly. This will also be used for tracing who was here if it is required.
3. Keep your distance – social distancing is required – this is 2 metres
4. Ensure you wash your hands
5. Ensure machinery and equipment is cleaned
6. Bring your own tea or coffee and eats. The Shed is **NOT** supplying these under Level 2.
7. If you want to wear a mask bring your own
8. If you are ill, feel off colour or are uncomfortable in this environment then **DO NOT COME.**
9. The shed will be operating for the required two hour period.
